

Communist-led Strikes, Riots Greet May Day

Blood Flows as Japanese Stage Demonstration

By The Associated Press

Riots, strikes and civil demon-
strations by Communists and non-
Communists flared around the
world this May Day as the workers
of the world — far from united —
showed their colors and shouted
their creeds in the cold war.

Tokyo was bloodied with violent
riots.

Tense Berlin, guarded by police
and troops, staged rival demon-
strations in sight of each other.
Soviet Prime Minister au-
thenticated pro-Red celebrations by
appearing at Lenin's tomb to watch
Soviet might troop through Red
Square.

New York readied a parade down
Eighth Avenue with 1,000 police
and detectives alerted to watch.
But Louis Weinstein, organizer of
the combined Communist and left-
ist demonstration, was slated for
another day in court, where he is
on trial with 15 other secondary
Red leaders.

Singapore was a contrast. About
5,000 Chinese, Indians and Malays
observed the international labor
holiday by saying prayers for the
dead of the two world wars.

In Tokyo thousands of Commu-
nists, swinging clubs and throwing
rocks, burst through police lines
upon a peaceable non-Red crowd of
300,000.

Witnesses said more than 100 per-
sons — some of them Americans —
were injured. Two American speak-
ers — Socialist Norman Thomas
and the president of the American
Brotherhood of Sleeping Car Port-
ers, J. Phillips Randolph — retreated
from Meiji Park in Tokyo without
heaving a chance to address the
non-Red workers.

Communists stoned the Dai Ichi
Building, until recently Allied occu-
pation headquarters. More tried to
climb into the forbidden plaza be-
fore the Imperial Palace. Police
drove them back with clubs and
tear gas.

Americans were shoved and hit
by rocks.

The rioters stormed for five
hours waving Red banners, carry-
ing pictures of Stalin and shouting
"go home, Yankees."

Yanks Stoned as Japanese Reds Riot

Tokyo, May 1 (AP) — Twenty
thousand Communist-led anti-Amer-
ican rioters fought police with clubs
and stones in front of the Imperial
Palace today.

It was the worst riot in Japan
since the end of the second world
war and the first in which Ameri-
can property was damaged.

Americans were attacked, stoned,
mauled. But none was seriously
hurt.

Club — swinging rioters charged
1,000 steel-helmeted police three
times. They clubbed 218 officers to
the ground, inflicting 51 seriously.

But each time the police beat back
the human waves with tear gas,
clubs and guns fired into the
crowd.

Unaccounted hundreds of rioters
also were injured. One was report-
edly killed by gunfire.

Riots also broke out in Kyoto,
templed former capital of Japan.
230 miles southwest of Tokyo. The
3,000 Koreans stormed city offices
and fought with police. They were
halted by tear gas. Seventeen riot-
ers were arrested.

A U. S. Embassy spokesman
said no official protest was con-
templated as a result of the Tokyo
riot.

Demonstrators stormed through
the streets shouting anti-American
slogans, waving Red banners and
carrying pictures of Stalin and
other Communist leaders.

Order was restored after five
hours.

Twelve American-owned automo-
biles were overturned and burned.
Americans were shoved and hit by
rocks. Two U. S. sailors were
thrown into the palace moat. The
wife of a Navy man was mauled.

Two American photographers
were roughed up. Associated Press
photographer George Sweers was
stoned three times.

Stalin Reviews
Troops, U. S.
Again Accused

Moscow, May 1 (AP) — Generalis-
simo Stalin, looking much as usual,
reviewed the annual parade of So-
viet labor and armed might today
from Lenin's marble tomb and
heard one of his marshals publicly
accuse the United States of germ
warfare in Korea and China.

The 73-year-old Soviet leader
halted once on his way up the long
flight of steps, waving to Russian
spectators and foreign diplomats
looking up at him from the sunlit
stands.

Then he turned and climbed the
rest of the way to the reviewing
tribune, closely attended by 50-year
old Georgi M. Malenkov, a deputy
premier and member of the Polit-
buro.

After the lavish celebration of
Malenkov's birthday last January,
many Western observers believed
he had been picked as Stalin's
successor.

Marshal Leonid A. Govorov, war-
time commander of the Leningrad
Army, made an anti-Western
speech to troops massed in Red
Square. He said the Soviet armed
forces will deal a "devastating
blow to any attempt of imperialist
aggressors to interrupt the peaceful
and creative labors of the Soviet
people."

Standing by Stalin, he asserted:
"In a mockery of international
agreements, the American barbarians
are carrying out the greatest
crime against humanity — making
use of bacteriological weapons in
Korea and China."

Until now, no marshal of the So-
viet Union had accused the United
States of germ warfare, although
Moscow newspapers have made the
charge repeatedly.

The United States has repeated-
ly denied the Communist charges
and proposed that the International
Red Cross make an investigation
in Korea and China but the Com-
munists have refused the proposal.

"The Anglo-American aggressors
and their henchmen continue their
armaments race," said Governor
"They are reviving German im-
perialism in the West and Jap-
anese imperialism in the East."

The parade featured the usual
impressive lineup of tanks, artillery
and rocket launchers. Files of foot
soldiers tramped past with bands
playing.

Stalin's son, Air Force Lt. Gen.
Vassily Stalin, piloted a four-en-
gined bomber at the head of the
air show over Red Square.

All members of the Politburo
who were present for the show
looked fit and well. V. M. Molotov
flashed a smile as he walked to the
top of the reviewing stand.

Just What Course Free Japan Will Follow Is a Question That Only Time Will Answer

By HAL BOYLE

Washington, May 1 (AP) — So Ja-
pan is free. How will it be from now
on between us?

I wasn't one of those who fought
their way to Japan, island by is-
land, stepping stones of bitterness.
No Japanese sniper ever fired at
me. I never stayed awake all
night in a Pacific ditch worrying
whether a little brown man would
creep up and slit my throat.

All my memories of Japan are
pleasant.

I invaded it in comfort in the
late summer of 1945. It was the
driest-footed amphibious landing
ever made. I was with a bunch of
Okinawa-trained Marines assigned
to take an island in Tokyo Bay.

The Japanese had already waved
the white flag, but there were three
old gun positions on this island.
And somebody decided that the is-
land ought to be secured against
the possibility that the Japs might
pull a trick and try to sink the
U. S. Navy.

So, cussing and praising the
shores of Tripoli, the Marines loaded
into the Higgins boats and
roared off toward the island. The
first object that came in sight was
a bare-footed old Japanese lady
prodding the beach with a basket of
clams.

I heard the buzzing motors,
turned — and there were the U. S.
Marines rushing across the waves
straight toward her, guns loaded.
The old lady put her basket of
clams on her head and ran for dear
life. I will never forget her
amazed fear.

"This is Japan!" said the Ma-
rine next to me as he waded
ashore.

I could see it was quite a letdown
for a man who'd fought on Ok-
inawa.

Well, we went into Yokohama,
Tokyo, looked down in awe from
the turrets of the battleship Mis-
souri as Gen. Douglas MacArthur
signed the surrender terms.

The Japanese were furtive,
frightened, or overbearingly polite
then. They weren't sure what their
conquerors might do. But on the
third day of our stay in a hotel
in Tokyo, the room boys started
bringing us presents. Flowers. Just
an old Japanese custom, but rather
unnerving until you understand it.

I went to Japan again in 1950
shortly after the outbreak of the
Korean War. The Japanese were
as polite as ever, but no longer
frightened. They had learned how
to deal with our occupation forces
— patiently.

There had been considerable
bribery-through-entertainment of
Americans by highly placed Jap-
anese. There had been considerable
needless throwing around of
weight by a number of Americans,
suddenly eating higher on the hog
than they ever had at home.

But, by and large, it must have
been one of the lightest military oc-
cupations in history. The Japanese
accepted it with such grace and
dignity there really wasn't much to
make an issue over. They never
lost their polite smile.

There have been a lot of friend-
ships made between Americans and
Japanese over there in the last
seven years. Some are solid, and
will last a long time, because it is
easier for different human beings
to understand each other than dif-
fering nations.

But Japan will seem strange now
to one who never knew her be-
fore the last war. The subtle change
of power will be there. The little
giant is free, loose in a wide world
again, for better or for worse.

All that will be the same will
be the smile. In Japan that never
changes.

I suppose that one of the first
things we'll have to do is go back
to calling Emperor Hirohito by his
proper title. The U. S. occupation
troops always cheerfully referred
to him as "Charley."

Somehow "Charley" had a friend-
ly sound, I hope the echo lasts.

To Protest Re-routing 67 Traffic

Routing of Highway 67 traffic
through Arkansas was the subject
discussed in a meeting in the
Chamber of Commerce office Wed-
nesday afternoon.

Attending were Y. C. Coleman,
Eldon Steadman, Bob Carroll, M.
C. Dearth, H. A. McCarty, Dean
Strand, E. J. Whitman, Sam Rate-
liff, David Frith, C. B. Russell, Roy
Thrash, Charley Tarpley, Fred
McElroy, Roger Clinton, Tom Sil-
vey, Ben Owen and Alex Washburn.

The publicity that has been over
the radio and in newspapers con-
cerning highway traffic through
Arkansas seems to impaled travel-
ers. In view of this situation the
group requested and received an
appointment with Governor Mc-
Math in Little Rock, Friday morn-
ing.

A delegation of some twelve
people from Hope will be accom-
panied by representatives from
Malvern, Arkadelphia, Gurdon, and
Prescott.

These groups have some recom-
mendations to pass on to the Gov-
ernor in regard to highway 67 as
well as a burning desire to pledge
support in the work being done on
highway 67.

To leave is cultivated as far nor-
th as Quebec and Stockholm.

U. S. Can Hike Steel Wages, Court Rules

Washington, May 1 (AP) The U. S.
Court of Appeals by a 5 to 4 vote
refused today to bar the govern-
ment from raising wages of steel
workers while it holds the seized
mills.

The vote denying a plea from ma-
jor steel companies that the court
enjoin Secretary of Commerce
Sawyer from doing anything about
wages and working conditions was
the same as that by which the court
last night returned the steel plants
to government control.

Only a few minutes before the
court decision was announced, Saw-
yer had said in a statement he did
not intend to take any "precipitate"
action about wages.

The government manager of the
steel mills said the situation was so
fluid that "the employees and I
myself, and the operators too, are
at the moment in a revolving door.
We are neither coming in nor going
out."

The five judges who voted against
staying Sawyer's hand, against a
wage boost were E. A. Barrett,
Pretlyman, Henry W. Edgerton,
Charles Fahy, David L. Bazelon
and George T. Washington.

Chief Judge Harold M. Stephens,
Bennett Champ Clark, Wilbur K.
Miller and James M. Proctor dis-
sented.

This is the same lineup which
yesterday voted to put the steel
mills back into government posses-
sion.

Acting Attorney General Philip
Perlmutter told the court during
arguments that there would be no
wage boost before the government
files its appeal from Judge Pine's
decision with the Supreme Court.
The appeal is due to be filed to-
morrow.

Sawyer, meeting with reporters,
amplified on his statement by say-
ing he would do nothing "within
the next day or two" in the way of
putting a wage increase into ef-
fect.

Tax Bureau Stands Pat on Allowance

Washington, May 1 (AP) — The Internal Revenue Bureau is standing pat on its ruling that loans to political parties, if they cannot be collected, may be deducted on tax returns as bad debts.

The bureau is rejecting a suggestion by Sen. Williams (R-De) that its rulings in four such cases be reversed.

A bureau spokesman made this clear today, although Revenue Commissioner John B. Dunlap declined official comment pending an investigation by House tax scandal probes headed by Rep. King (D-Calif.).

The tax bureau said, however, that to be legally deductible, loans to political parties must be valid loans and every effort must be made to collect them. The spokesman said "certainly" the bureau would examine such cases closely to make certain they are not actually political contributions, which cannot be deducted.

Williams said in a Senate speech Tuesday that three wealthy men made contributions totaling \$410,000 to the New York State Democratic Committee between 1940 and 1948 and the revenue bureau, in "special" rulings, counted the donations as unpaid loans that could be deducted from tax returns as bad debts.

Williams said the Democratic party was financing its political campaign "indirectly out of the federal treasury."

Dunlap released a letter to the Senate Finance Committee, dated April 2, in which he referred to inquiries from Sen. Williams on "special" rulings.

Dunlap's letter said: "The bureau does not make 'special' rulings. The decision of the bureau is based upon the application of the law to the particular facts of a given case and it applies only to those facts. The facts are subject to confirmation."

A revenue spokesman said the bureau has determined that in the four cases cited by Williams, the facts justified rulings that bona fide loans were made which could not be collected in full despite all efforts.

Crucial Truce Conference Set Friday

Munsan, Korea, May 1 (AP) — Truce negotiators scheduled a crucial session tomorrow to hear the Communist reply to the United Nations package proposal for reaching a Korean armistice.

The Reds today asked for the full-dress session after studying the secret Allied plan three days.

There was no indication whether the Communists would reject, accept or make a counter-proposal.

Blocking progress in the nearly 10 months old negotiations were the issues of prisoner exchange, Russian participation in an armistice and rehabilitation of military airbases during an armistice.

Brig. Gen. William P. Nuckols, U. N. Command spokesman, said the Communists announced this afternoon they were ready to meet tomorrow. The offer was accepted in 10 minutes.

The meeting is scheduled for 11 a.m. Friday (9 p.m. Thursday, EST).

It may be the decisive conference of the lengthy truce talks.

After receiving the package proposal Monday in a secret session of top negotiators, the Communists asked for a recess to study it.

The package proposal is understood to make a sweeping solution to three remaining unsolved problems.

If the Communists follow their usual conference table tactics they will come back with a counter-proposal.

The current interruption in the talks is the longest since Oct. 25, when negotiations resumed after a two-month breakdown.

Col. Chang Chun Sun notified security officers at Panmunjom that the Reds were ready to meet. Chaud, chief Communist liaison officer, had sent the message to the truce site from Kyesong, headquarters of the Red delegation. There was no written exchange.

Funds Sought for Two State War Projects

Washington, May 1 (AP) — Congress was asked today to authorize construction of a \$31,105,000 air base near Little Rock and \$16,203,000 for reactivation of the Blytheville Air Base.

These two Arkansas projects and \$461,000 in construction at Camp Chaffee, near Ft. Smith, were included in a bill sent to Congress by Secretary of Defense Lovett.

In all, Lovett asks authorization of military construction estimated to cost \$3,027,752,000.

He said in a statement that appropriations for military public works construction for the fiscal year starting July 1 will be asked later. Project authorizations by Congress are preliminary to appropriation of money to pay for them.

The Air Force was known to have been considering construction of a jet bomber base in the Little Rock area. Speculation has been that a site near Jacksonville would be selected.

Air Force officials also have been surveying the Blytheville Municipal Airport, which was an air base during World War II, with a view toward reactivation.

Of the authorizations asked the bills \$1,516,161,000, would be for the Air Force.

Of the total, \$1,212,844,000 would be for work in the United States and \$242,350,000 for overseas projects. An additional \$572,353,000 in projects was listed as classified.

The program also would authorize the secretary of defense to provide military installations and facilities in foreign countries for

Brig. Gen. William L. Nuckols is serving as temporary commander of Camp Chaffee.

Loss May Bring State Some Money

Washington, May 1 (AP) — The state of Arkansas will receive \$500,000 if Congress approves legislation to prevent any state from the federal funds for agricultural extension activities as a result of 1950 census shifts in farm population.

The House Agriculture Committee approved the legislation yesterday.

Stevenson Started Draft

Stevenson, May 1 (AP)—A new draft of the Illinois constitution is being prepared by a committee of the Illinois State Bar Association.

The committee, headed by Judge John H. Ladd, is working on a draft of the constitution which would provide for a strong executive and a weak legislature.

The draft is being prepared in view of the fact that the present constitution is so old that it is almost unrecognizable.

The committee is also working on a draft of the state constitution which would provide for a strong executive and a weak legislature.

WHO WANTS NICKEL BEER?—Crowds fill a liquor store in Washington, D. C., where whiskey is advertised for sale at 15 cents a fifth. The catch is that they must then pay a Federal tax of \$2.10, and a District tax of 15 cents, on each purchase. Purpose of the sale, the proprietor says, is to point up high tax rate on liquor.

Deck Officer May Give Dope on Accident

Washington, May 1 (AP)—A deck officer who escaped may help solve the mystery of the minesweeper Hobson's disastrous crash with the carrier Wasp.

A radioed dispatch from the damaged Wasp, steaming slowly for New York with 61 survivors of the Hobson aboard, disclosed that Lt. J. B. E. Cummings, one of those rescued, was junior officer of the deck at the time of the collision.

The Hobson's skipper, Lt. Comdr. W. J. Tierney, managed to get clear of the wreckage before it sank Saturday in mid-Atlantic, but he was not found. One hundred and seventy-five of the ship's company went down with her.

Of major importance to the naval court of inquiry, when it convenes at New York next week, will be what orders were given aboard the Hobson in the moments before the collision and what signals were exchanged between the minesweeper and the carrier. From them, the court may learn why the sweepers held a course which brought her under the knife-like prow of the carrier.

Cummings may be the officer who can tell that story.

The court of inquiry appointed by Adm. Lynde McCormick, commander-in-chief of the Atlantic fleet, is a fact-finding agency and not a court in the legal sense.

The three rear admirals who comprise the court will seek to find out these things:

1. Was the collision caused by human error or mechanical failure?

2. Did either ship fail to signal a change of course when the carrier turned into the wind to take on 10 degrees of beam seas?

3. Was there misjudgment of the relative rate of speed and the course?

4. What was the precise visibility?

5. What was the exact time of the collision?

U. S. Bans Travel in 5 Countries

Washington, May 1 (AP)—The State Department today banned American travel in five Iron Curtain countries without specific permission. In three other countries, no travel at all will be permitted.

A department announcement called attention to "the dangers of traveling in countries where acceptable standards of protection do not prevail."

Travel was banned altogether in China, Hungary and Czechoslovakia in a continuation of previous department rulings.

The five countries added to the restricted travel list are Russia, Poland, Romania, Albania and Bulgaria. The department said it will allow trips to those countries only for "legitimate reasons."

Officials said the new restrictions had been under consideration for a long time.

Authorities said privately there are two basic reasons for the restrictions:

1. To prevent "sneak visits."

2. To protect venturesome Americans who might not realize the risk of visits to Iron Curtain countries.

Businessman Found Dead on Mountain

Paris, May 1 (AP)—A Paris businessman missing since Tuesday has been found dead.

The body of John Knox, 50, a partner in the Hixson Knox Broker and Feed Co., was found in the woods on Mt. Magazine, 21 miles south of Paris, by two sightseers last night.

His wrists had been slashed. A razor blade was found near the body. Knox's car was parked about 50 yards away.

Logan County Sheriff Pete Carter said Knox had taken his own life and that no inquest would be necessary.

The sheriff said Knox reportedly had been in ill health and had worried about his business.

Knox was married but had no children. He moved to Paris from Little Rock four months ago.

Missouri May Put Eisenhower Ahead of Taft

St. Louis, May 1 (AP) — Missouri Republicans may put Gen. Dwight D. Eisenhower ahead of Sen. Robert Taft in national Republican delegate strength today.

An Associated Press tabulation of the 706 delegates already chosen gave Taft 274 delegates to the Chicago nominating convention next July, and Eisenhower 270. The other 162 are favorable to other candidates, uncommitted, in dispute, or their views unknown. It will take 504 to nominate.

Four Republican district conventions are being held in Missouri today to choose eight more convention delegates. And Eisenhower forces claim all six of the delegates to be chosen in the St. Louis metropolitan area.

Missouri conventions are in the 11th, 12th and 13th Congressional Districts in St. Louis and St. Louis County, a fourth convention, in the Sixth District, is being held in St. Louis.

The first in the Missouri series of conventions was held in Salem Tuesday in the Eighth District. Eisenhower picked up one sure vote there and one probable. The general's Missouri managers claimed both delegates.

In the St. Louis area, Lawrence K. Roos, local Eisenhower manager, has predicted all six of the delegates to be chosen there would be for the general. St. Louis formerly had a nucleus of support for Harold Stassen but E. W. Bromwich, longtime Stassen supporter, switched to Eisenhower recently.

At the Sedalia meeting, the Eisenhower supporters claimed at least a 1-1 split.

Two more Missouri district conventions — the Second District at Booneville and the third at Maysville — are set for next Tuesday.

\$47,500 Lawsuit Is Thrown Out

Tulsa, Okla., April 30 (UP) — A return Clarence man found no immediate relief in court in his complaint that he was injured \$47,500 worth because a continental Airlines safety belt wouldn't go around his middle.

W. A. Preston sued the airline for that amount. He said he suffered neck and shoulder injuries when the plane landed because the safety belt was too short to reach around his midsection.

Since the 1949 incident, Preston said in his complaint, his weight has dropped from 320 to 200 pounds.

But Preston's case was thrown out of court by U. S. District Judge William R. Wallace yesterday. The judge said the plaintiff made a reference to the airline's insurance company which would prejudice the jury.

Search for Airline Continues

Belleville, Brazil, May 1 (AP) — Brazilian and American planes combed a vast stormy area early today for fireworks signals from possible survivors of a Pan American stratospheric which vanished Tuesday with 36 persons aboard.

Some nine-man crew and 10 of the passengers on the missing New York-bound plane were Americans. U. S. Air Force and Navy planes took up the search Tuesday along with aircraft from the Brazilian Air Force and commercial airlines.

The searchers scanned a sparsely settled region of 320,000 square miles. It embraced dense jungles, river basins and dry plateaus.

Pan American officials said they believe the plane is lost in the plateaus. The most intensive search has centered along a 375-mile stretch of tableland between Barreiras and Carolina.

A company spokesman said the plateau region is dotted with hamlets, trading posts, mining camps and cattle ranches. He said it was possible that natives could have rescued survivors, but it might take them several days to reach a settlement. The spokesman denied reports that the region's Indians were hostile.

SPORTS ROUNDUP

By GAYLE TALBOT

New York, May 1 (AP) — Patty Berg, the new group girl golfer, had a score of 30-34-34 over a course measuring more than 6,300 yards out at Richmond, Calif., the other day, and we feel that the feat received something less than the acclaim it deserved because too many persons were racing about a double one-hit baseball game at Detroit.

Patty's round will, for our money, rank as the greatest single sports exploit of the year 1935 unless the Browns win the pennant, and we would have to give the matter a lot of thought even then. It is extremely unlikely that the stocky red-headed record will ever be beaten, if equaled.

Speaking as one who has followed the game on many a round and has watched Patty hit them for approximately half her life, we still find it difficult to conceive of anything in sports shooting a 64 over a regulation golf course. The length of the Richmond layout is, incidentally, somewhat greater than that of the average links played by women on their annual tour.

That the pleasant unaffected girl from Minneapolis should have been the one to excel what had been considered exclusively man's scoring domain strikes an unexpected responsive chord here. Patty has had a hard time of it, one way and another, since she turned pro and began battling against Babe Didrikson Zaharias and the occasional glamor pussies who take prettier pictures.

Back in 1931, when she was just reaching her peak, the free kick little scrapper suffered a shattered knee in a car accident in Texas and was encased in a plaster cast for 18 months. She still bears a wicked scar, and there are rounds when the knee pains and throbs, but she made a comeback nearly as spectacular as that of Ben Hogan after his crash, also in Texas.

They were long, dreary periods when Patty must have nearly despair of every gaining the upper hand on the long-driving Babe and some of the others, such as Louise Suggs. Finally, last summer, Patty bested the Babe in a grueling 36-hole playoff for the Waverly championship at the Deerpark Course here.

Later, cutting up old times with the two of them in the club lounge, we developed a strong feeling that the girl from Minneapolis finally had reached her goal and would not be chasing the Babe many times in the future. Her tremendous victory at Richmond indicates that Patty, still only 32, has it in her to dominate the women's field for years to come. The Babe, by our figures, must be crowding 40.

Stanky Joins Lineup, Cards Win Game

Cagney Eddie Stanky picked the right spot to throw his "intangible" into his St. Louis Cardinals starting lineup.

Beaten Tuesday night by Preacher Roe for the eighth straight time, Stanky's Cardinals finally pulled the sheets off second baseman Stanky.

Ever since Stanky signed to manage the Cards, fans asked two important questions: "Will Stanky play?" and "What will he do with Red Schoendienst?"

Stanky left them all guessing when he opened the season on the bench and Schoendienst remained on second. You knew it couldn't last. Stanky's ability to get on base, his inspirational leadership, demanded a more active role.

Finally he made his move. Schoendienst went to third, and the "brat" took over at second last night against Brooklyn. You have an idea Manager Eddie will be in there most of the time from now on.

Social Group Seeks to Keep Rolls Secret

Little Rock, May 1 (AP)—A resolution opposing state legislation to open relief rolls to public inspection has been approved by the Arkansas Conference on Social Work.

"Opening of records of payments will generate pressure on confidentiality of all records," the resolution said.

Federal restrictions against opening the rolls were repealed last year, but the state legislature still must pass enabling legislation before the public may view welfare lists.

The conference passed a resolution recommending wages of benefiting social workers be based on education and training, not on a limited salary scale for a particular position.

R. P. Strozio, of Ft. Smith, Sebastian County Judge, was elected president of the conference at its closing session. He was chosen a year ago as president-elect and succeeds Mrs. Ora P. Nix of Little Rock.

Mrs. Bernice Ratcliffe, child welfare director of the State Welfare Department, was named president-elect and will take office next year.

Other officers elected were: Mrs. Pat Poindexter, Pine Bluff, vice president; Mrs. Evelyn Cana-

da, Little Rock, secretary; Miss Anne Long, Little Rock, treasurer; and Miss Dora Dean of Fayetteville, Mrs. Catherine Cunningham, Little Rock, and Mrs. Lillian McDermott, Little Rock, executive committee members.

At an associate meeting, the Arkansas Probation Officers Association elected Mrs. Frank Lothery, Ft. Smith, president to succeed Mrs. Dorothy Robertson, Little Rock.

Mrs. Joe Emerson of Mena, was elected vice president and H. P. Hargis, Pine Bluff, secretary-treasurer.

Negro Admits Slaying Farmer

Forrest City, April 30 (AP)—A Negro farm hand police said admitted killing a Proctor farm manager and stuffing his body into a Coldwater, Miss., cistern, has been charged with first degree murder.

Municipal Judge Olmon Hargrave ordered Jimmy D. Wright, 29, held without bond for action of the Circuit Court.

State Police Lt. Doug Morris and Deputy Sheriff Otis Tatum said Wright confessed Sunday night to the slaying of Homer L. Smith.

The officers quoted Wright as saying he got into a car with Smith at Proctor and after an argument checked him into unconsciousness, hit him on the head with a steel bar and took his body to Coldwater.

Giant squids or octopuses sometimes reach a total length of 50 feet.

MOO-TIAL ADMIRATION SOCIETY—Lisette, the pride of La Chapelle D'Armentieres, France, is very proud of her three calves, and the calves think Lisette is something pretty special. It's only about once in 20,000 times that a bovine mother can help the cow-bird bring three little calves to pasture.

Catholic Statue Brings Trouble

New Orleans, May 1 (AP)—A New Orleans citizen and five Protestant ministers planned today to go to the U. S. Supreme Court in their effort to force removal of a statue of Mother Cabrini from city-owned land here.

George Singelmann, who brought the original suit in state courts as a citizen and taxpayer, said the case will be appealed as soon as the petition is prepared.

The plaintiffs lost in the Louisiana courts Monday when the Supreme Court refused to review an earlier decision which upheld a lower court verdict saying the city of New Orleans had a right to accept the statue as a gift and place it in public property.

Singelmann said the basis of his suit will be that placing the Catholic saint's statue on public property violates the "separation of church and state" provisions of the U. S. Constitution.

The Protestant ministers intervened in the case in support of Singelmann's suit.

The city of New Orleans permitted the Order of Alhambra, social organization composed of members of the Knights of Columbus, a Roman Catholic laymen's organization, to place the statue of the saint on the neutral ground of a boulevard.

Mother Cabrini was noted for her services to New Orleans and other cities in the nation.

Arkansan Hails Court Ruling

Louisville, Ky., May 1 (AP)—Dr. R. B. Robins of Camden, Ark., yesterday hailed a federal court ruling that President Truman's seizure of the steel industry was illegal as a decision to restore "American's faith in democracy."

Shortly after Robins was interviewed, a U. S. Court of Appeals stayed the lower court's order, and restored the steel mills to the government until the case can go to the Supreme Court tomorrow.

"This decision the lower court's should restore the faith of Americans in democracy," said Dr. Robins, Arkansas Democratic National Committeeman.

"Dictatorship could come very suddenly upon us if this seizure were not challenged. Socialism could come by presidential edict rather than by legislation."

Dr. Robins, who also is president of the American Academy of General Practice, addressed a meeting of the Kentucky Academy of General Practice.

Standard Has One Agreement

Washington, April 30 (UP)—Federal Mediation Chief Cyrus S. Chang today announced an agreement has been reached between Standard Oil Co. of Indiana and one independent union.

Government officials hoped this contract might set a pattern for settlement of the industry-wide oil strike.

Chang said standard of Indiana and the Central States Petroleum Union agreed on wage increase of 15 cents an hour, effective tomorrow, for 1,300 workers at the Sugar Creek, Mo., refinery. In addition, employees will receive a 4.2 per cent pay boost on their present rates, retroactive to last Nov. 16.

The Sugar Creek workers had not joined the nation-wide strike of nearly 80,000 CIO, AFL and Independent Oil Workers which started at midnight.

Riot Leaders Are Removed

Jackson, Mich., April 30 (AP)—Riot leaders Earl Ward and Jack Hyatt and another mutineer were removed in secret from the troubled state prison of Southern Michigan today as a "precautionary measure."

Warden Julian Frisbie said the three were removed shortly after midnight and taken to three separate and unidentified county jails in Southern Michigan.

Frisbie said Ward and Hyatt had been trying to incite inmates of disciplinary cell block No. 15 to help in a new riot, block No. 15 was the center of the previous trouble.

The third convict was identified as James W. Hudson, 44-year-old lifer sentenced for murder in 1932 and said by authorities to have a "bad prison record."

Ward and Hyatt were leaders during the recent violent revolt causing one convict's death and two million dollars damage.

Italy has about 800,000 licensed motorcycles.

Methodists May Abandon N. Y. Building

San Francisco, May 1 (AP)—The unofficial Methodist Federation for Social Action, charged by opponents with causing a breach in the church by following left-wing policies, will be asked during the Methodist General Conference to vacate offices in the Methodist Building, New York.

The Committee on the State of the Church adopted a report yesterday making this request with a demand that the federation drop the word "Methodist" from its title.

It was the opening gun in a campaign against the federation led by a group known as the "Circuit Riders." They contend the federation, originally formed to promote the social creed of the church, now follows policies far beyond the church's most liberal views.

The committee report declares the church has been "embarrassed by certain pronouncements" of the unofficial federation. It contends that "confusion has arisen in the minds of the public regarding the right of the federation to speak for the Methodist Church" and stresses

that it has no connection with the church.

The federation's president, retired Bishop Francis McConnell of Louisville, O., told the committee the federation "is not a Communist organization."

"Steadfastness," he said, "that the churches ought to have a radical organization occasionally."

"We have no quarrel with change for our name," he added. "We can change that all right. Only remember that we aren't the only official organization of the Methodist church that makes statements that are criticized."

Doctor Says Ingrid to Have Twins

Rome, April 30 (AP)—X-rays have disclosed that Ingrid Bergman is expecting twins in June.

It was disclosed today by Roberto Rossellini, husband of the film star. He said:

"There was so much journalistic invention saying she was going to have twins that we decided to check up. Even the doctor did not think so, let alone us. Two days ago we had a doctor take X-rays. Now we find she is having twins."

Rossellini said he hopes at least one will be a girl and if so he will name her Isabella. The couple have a son, Roberto, born in February, 1930.

New York, April 30 (UP)—Mrs. David A. Pine was just as anxious as anybody else to find out what ruling her husband had handed down in the steel case.

"I must listen to the radio right away," she told a reporter who called the house in search of the judge.

When asked if he discussed the opinion with her she replied: "Good Lord, no."

for Trouble Started in 1932

By HAROLD
May 1 (AP) — Through
American history the
old issue of injunctions
has been a constant
feature of labor disputes.
In 1932, when the
National Labor Relations
Act was passed, the
courts were asked to
enforce it. But the
courts did not have to
enforce it. President
Roosevelt's executive
order changed that in 1933.
The Wagner Act, which
guaranteed workers the
right to organize, was
enforced by the courts.
But the Wagner Act did
not say anything about
injunctions. The courts
now said the act was
unconstitutional. The
situation remained unchanged
until the Supreme Court
decided in 1940 that the
Wagner Act was constitutional.
The act was then enforced.
The Supreme Court
decided in 1947 that the
act was constitutional.
The act was then enforced.

CORRECT COCKTAIL COSTUME—“Susie,” a chinchilla living in Wells, Me., is all dressed-up in a full-length chinchilla coat, (her own), as she whittles away some time over cocktail. However, her owner, Frank Sawyer, says it's all in her mind. The “straw” is a piece of hay, baited with a raisin, and the “cocktail” is only water. Owing a chinchilla coat should be intoxicating enough for anyone.

Eisenhower Easy Winner in Massachusetts

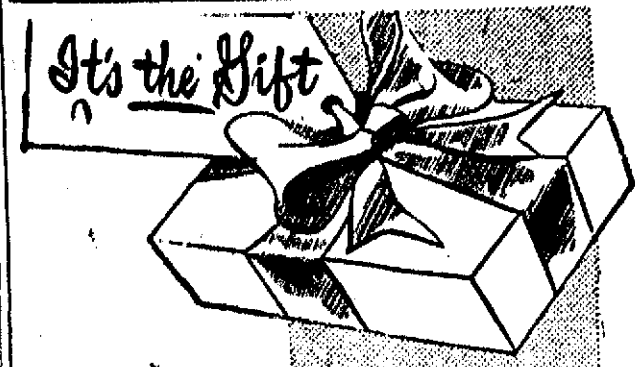

By The Associated Press
Gen. Dwight Eisenhower's overwhelming victory in the Massachusetts primary puts him today almost even with Sen. Robert Taft of Ohio in a tabulation of Republican nominating delegates.
In the preferential voting yesterday, Eisenhower drew more votes than all other names written in, either Republican or Democrat. No names were printed on the popularity ballot.
The vote, from 1,557 of 1,730 precincts, showed:
Republicans — Eisenhower, 201,015; Taft, 57,032; Gen. Douglas MacArthur, 1810.
Democrats — Sen. Estes Kefauver of Tennessee, 23,162; Eisenhower, 12,082; President Truman, 8,028.
The rest were scattered.
In addition, Eisenhower won 20 nominating delegates in 13 of 14 district elections and his backers were running close in the other one.
The Associated Press delegate schedule, based on concessions, pledges, instructions and a late note from delegates willing to express a choice — showed, prior to the Massachusetts balloting: Taft 208, Eisenhower 237.
Thus, with 24 more delegates, Eisenhower would be just two short of Taft. The Ohioan's backers, however, claim Taft has more than 800. It takes 604 votes for nomination at the July 7 Chicago convention.

Admiral Did Not Like the Visit

Honolulu, April 30 (AP) — The millionaire sailor and the admiral in his pajamas had a five-minute chat. Today the sailor is working for the admiral.
S. 2C Bruce S. Hopping and Rear Adm. Francis C. Denebrink agreed their 7 a. m. chat Saturday wasn't exactly cordial.
Hopping is a naval reservist with a three-million-dollar lumber business in New Jersey. He told a reporter, “The admiral wasn't a gentleman. He was eccentric. He got huffy. He told me to get out.”
Denebrink told a reporter he waved Hopping said, “I thought I should come by and let you see what kind of a man I am.”
Denebrink said he then told Hopping the procedure was most unusual and that Hopping apologized and left.
The Navy said Hopping had been transferred from the salvage ship Reclaimer to administrative duties on Denebrink's staff. The admiral is commander, Service Forces, Pacific.
The skipper and executive officer of the Reclaimer were cleared recently of crew complaints of “petty tyranny.”
Denebrink has said the two Reclaimer officers were “unjustly maligned by someone who distributes vicious and distorted rumors about them.” He added that the case would not be closed until final action is taken — presumably against an alleged rumor monger. He didn't even hint who that might be.
Hopping freely said he played a leading role among the complaining crewmen. He retained a civilian attorney to represent them.
The sailor caused a minor furor at the Bainbridge, Md., Naval Training Center last September. He issued a public statement that Navy food “wasn't fit to eat.”
Explaining his pre-breakfast call on the admiral, Hopping said he thought it might help “if we could talk together informally.”
“But,” he added, “when I told him why I was there he got huffy. He told me to get out.”

Not Enough Poor Patients It Says

Baltimore, April 30 (AP) — Good times are creating a hardship on medical students, according to a dean of Johns Hopkins.
Fewer and fewer people have to be charity hospital patients, Dr. Alan M. Chesney last night told the Medical and Chirurgical Faculty of Maryland, which he heads.
As a result, American medical education is “in real jeopardy at the moment,” said the dean of the School of Medicine at Johns Hopkins.
Medical students and residents in training are taught in the public wards and dispensaries of hospitals.
